

FROZEN PEANUT BUTTER CUPS

I may be biased, but I honestly love this version of peanut butter cups more than any of the store bought options. I got this recipe from my friend years ago and it has become a staple when I need a little something sweet. I hope you enjoy them as much as I do!

Ingredients

1 cup whipping cream
1 7 oz. jar marshmallow cream
1 - 3 oz. block cream cheese, softened
½ cup chunky peanut butter
1 bag chocolate curls (optional)

Instructions

In a small bowl, beat whipping cream until stiff peaks form.

In a large bowl, at low speed, beat cream cheese, peanut butter, and marshmallow cream until smooth. Fold whipped cream into peanut butter mixture.

Line a muffin tin with paper cupcake liners. Spoon mixture evenly into cups. Cover and freeze for at least 2 hours.

Garnish with chocolate curls and enjoy!
